a

Thirteen units share three resource clusters

10 TRIO–CHER-LOB

TRIO phase unresolved

2 AVAglio–GLARIUS

Medium transportability

1 IGG14–BrighTNess

Dependent evaluation

b

Current strict replication proportion: not estimable

Requirements assessed before a replication label:

Verified target population
Compatible estimand
Independent evaluation
Recoverable positive source decision path

No unit meets every current prerequisite.
An empty eligible set is not a 0% success rate.
